

OUR ONE-STOP-RESOURCE APPROACH

Throughout our lives we will all need various legal services....

In our early years...

- a traffic ticket when you were running late to a date.
- the first home purchase with your new spouse.

In our middle years...

- as your family grows you want to make sure you provide for your loved ones if something should happen, so you begin the estate planning process.
- you decide to open your own business and need documents prepared or need general advice.
- you or your spouse's parent passes away and you need to administer his or her estate.
- your son gets arrested for possession of marijuana.
- you need a divorce or have custody issues.
- you are injured when you slip and fall on a banana peel left on the floor while treating your daughter's soccer team to ice cream after a big win.

In our senior years...

- you need revisions to a Will, a Power of Attorney, or an Advanced Health Care Directive, etc.
- you need someone to manage your affairs.

That's why when choosing a law firm you should choose one that can help you not just with today's issue, but a firm that can help you address all your legal needs. Let us help you and your family manage your legal matters!

WHY US?

Why should you choose our firm?

- We offer free consultations. When you contact our firm we will review your case at no charge. Plus, there are many matters we handle on a contingency basis, so we don't get paid until you do!
- You can always speak to a real person (as opposed to voice mail) during regular business hours. We are here Monday through Friday from 8:30am until 6:00pm and someone is always prepared to discuss your case with you when you call. Plus, unlike many firms, the attorney working on your matter is always available to address any needs or concerns.
- Our attorneys are all intelligent and highly skilled and trained in their given practice areas.
- We offer the human touch. Our friendly attorneys and staff not only take an interest in your case, but they also take a genuine interest in you, the client.
- We provide a wide array of services. Our firm is a one-stop-resource for all your legal needs, whether it be the preparation of a Will, the start-up of a new business venture, or a closing on your new house, we can do it.
- We have convenient hours. We work appointments in around your schedule – we offer early or late hours.
